The owners further reserve a permanent easement on and across all roads, utility easements, parks and other common areas for public utilities, pedestrian and vehicle access, and private drainfields approved by the Bellingham-Whatcom County District Department of Public Health. The right is further reserved to drain all roads, utility easements, parks and other common areas over and across any lot or lot contracts where water may take its natural course after grading, to make all necessary slopes for cuts and fills upon the lots and tracts, and to make any reasonable grading of the roads, easements, parks and common areas. VI. Required Approval of All Changes to Property Within the Unit or Subdivision:

a) No material changes in the existing state of any property within the Unit or Subdivision shall be made or permitted, except by Declarant, without the prior written approval of the Board. Material changes in the existing state of such property shall include, without limitation, the construction of any building, structure or other improvement, including utility facilities; the excavation, filling or similar disturbance of the surface of land, including without limitation, change of grade, stream bed, ground level or drainage pattern, and the clearing or planting of trees, shrubs or other growing things.

b) The Board shall have complete discretion to approve or disapprove any changes in the existing state of property within the Subdivision or the Unit but shall exercise such discretion with the following objective in mind: To carry out the general purposes expressed in this Declaration; to prevent violation of any specific provision of this Declaration or any Supplemental Declaration, to prevent any change which would be unsafe or hazardous to any person or property; to minimize obstruction or diminution of the view of others; to preserve visual continuity of the area and to prevent a marked or unnecessary transition between improved and unimproved areas, and any sharp definition of boundaries or property ownership; to assure that any change will be of good and attractive design and in harmony with the rustic and natural setting of the area and will serve to preserve and enhance existing features of natural beauty.

VIII. Architectural Board:

a) The Architectural Board (hereinabove and hereinafter referred to as the "Board"), shall consist of three (3) members. At least one member shall be a licensed architect or landscape architect who shall be designated specifically as the Architect Member. There may be designated one or more alternate members for each regular member of the Board who shall be authorized to act in the place and stead of the member for whom they are an alternate in the event of his absence or inability to act. Members and alternate members of the Board shall be appointed by and shall serve at the pleasure of the Declarant, provided that, at any time, Declarant may assign the right to appoint and remove one or more members and alternate members of the Board to the Association.

b) The vote or written consent of any two members shall constitute action of the Board, provided, however, that approval of plans, drawings and specifications by the Board shall require the vote or written consent of the Architect Member and at least one other member. The Board shall report in writing all approvals and disapprovals of changes in existing state of property to the Association and shall keep a permanent record of all such reported action.

c) Neither the Board nor any member thereof shall be liable to any party for any action or for any failure to act under or pursuant to the provisions of this Declaration, provided only that the Board or any such member shall have proceeded hereunder in good faith and without malice.

IX. Property Owners' Association:

Each lot owner shall automatically become a member of the Property Owners' Association, (hereinbefore and hereinafter "Association") a non-profit corporation organized under the laws of the State of Washington, the members of which shall consist exclusively of persons owning lots in the Unit or Subdivision. All of the common areas and facilities shall be conveyed by the Developer to the Association when ninety percent (90%) of the lots have been sold, or within three (3) years from the date when this Declaration shall be filed for record with the Whatcom County Auditor, whichever shall first occur, and the Association shall thereupon assume responsibility for maintaining, repairing, restoring,

operating and administering the common areas and facilities and for regulating the use thereof according to this Declaration and the Association's Bylaws as may be adopted and amended from time to time by the members of the Association. Each lot owner shall have the right to use and enjoy the common areas and facilities, subject however, to this Declaration, the Association's Bylaws and such other rules and regulations as may be adopted by the Association, and shall be obligated to pay a monthly assessment for the purpose of defraying the costs of maintaining, restoring, repairing, operating and administering the common areas and facilities and such other cost and expense of the Association as may be approved and authorized by the Board of Directors or members of the Association. The amount of such monthly assessment shall be the personal obligation of each lot owner and shall also constitute a lien against the lot owned by such lot owner, which may be foreclosed by the Association as provided by the laws of the State of Washington. The right of membership in the Association shall be appurtenant to each lot and shall be transferred automatically to a lot owner's grantee, assignee or successor-in-interest.

X. Easement for Utilities:

Developer hereby reserves and agrees to convey unto the Association an easement upon each lot, on, over and underneath a strip of land ten (10) feet in width, lying adjacent and parallel to, each lot-line, (i.e., front, rear and side) for the installation, construction, maintenance and repair of water, electricity or other utility lines and accompanying apparatuses or devices, which may be reasonably necessary to provide such services for any lot in the subdivision or for any of the common areas and facilities.

XI. Consideration of Ownership Property:

If substantially all of the trees, foliage or other vegetation on fifty percent (50%) or more of the lots described in Exhibit A hereto shall be destroyed by forest fires, or after thirty years (30) from the date when this Declaration is recorded with the Auditor for Whatcom County, Washington and upon an affirmative vote by the members holding seventy-five (75%) percent of the total votes of the Association, fee title to each lot described in Exhibit A hereto shall be automatically and irrevocably transferred from each lot owner to the Association AS TRUSTEE and shall thereafter be held IN TRUST by the Association for the benefit and use of the owner of such lot until such time as the Association sells and conveys such lot to a third party. Upon the Association's acquisition of fee title to each lot, the Association shall have the power, to be exercised in a fiduciary capacity, to sell and convey, and to enter into a contract to sell or convey, such lot to any third party for such price and upon such terms and conditions as the Association may deem to be in the best interest of the owner, and to execute and deliver a deed (with or without warranty), contact or other instrument necessary in connection therewith. In the event of such conveyance, or upon the execution of a contract of sale, the Association shall remit the purchase price and/or installment payments or any other proceeds attributable to such conveyance of contract of sale to the owner within thirty (30) days after the Association's receipt of same, after deduction of such sum or sums as may be necessary to defray any cost and expense (including fees for accountants and attorneys) incurred by the Association in connection with

such conveyance or contract of sale, or which may be necessary to discharge and satisfy any lien, assessment or other encumbrance against the lot as a prerequisite to such conveyance or the execution of the contract of sale. During such time as the lot is held IN TRUST for the owner by the Association, the lot owner shall continue to have the right and privilege to, enjoy, use and occupy the lot in accordance with this Declaration and the Association's Bylaws as may be amended from time to time. After fee title to each lot has been acquired by the Association, each lot owner shall continue to be bound by all of the obligations and restrictions contained in this Declaration and the Bylaws of the Association and shall pay all real estate taxes and assessments which may be levied on that lot by any municipality and shall also pay any fees, charges or assessments as may be levied from time to time by the Association with respect to each such lot.

XII. Annexation of Subsequent Units or Parcels:

a) Declarant, or its successors in interest, may from time to time and in its sole discretion, annex to the Subdivision all or any part of the real property presently or hereafter owned by Declarant in the County of Whatcom, State of Washington, less that portion thereof in which these declarations are already applicable, and to all such units of the Subdivision presently of record to which declarations substantially identical to those set forth herein apply.

b) Such annexation shall be effective upon the recordation of declarations, designating the property subject thereto, which property shall thereupon become and continue a part of the Subdivision and the Association shall accept and exercise such powers and jurisdiction over such property as are granted to it by such declarations. Such declarations shall be substantially the same as those contained herein; provided, however, that:

(i) The use in said restrictions of the word "Unit" shall be deemed to apply to the particular unit for which such restrictions are recorded; the use of the word "Subdivision" shall be deemed to mean the aggregate of all previously recorded units designated as being a part of the Declarants general subdivision scheme of development; and the use of the words "lot" or "lots" shall be deemed to mean all subdivided lots described and set forth in any recorded plat maps of the Subdivision.

(ii) Such restrictions shall not discriminate against lot owners whose property is already included in the Subdivision.

(iii) The Association's powers to make assessments and enforce liens shall not be curtailed with respect to such newly annexed units;

(iv) The uniform annual charges upon each lot in the unit or other units already annexed to the Subdivision may be increased as a result of any annexation (but the Association may provide for a higher annual charge upon lots in the newly annexed Unit when and if warranted by a different classification or use).

c) Any portion of such property described above and available for annexation into the Subdivision may, at the option of Declarant, its successors or assigns, subject, however, to sub-paragraphs (a) through (b) inclusive, of this paragraph, be so annexed as a condominium, or for use as a multiple-family residential, guesthouse, inn or hotel facility. Should property related to any of such uses not be so annexed, the Association shall, nevertheless, grant to the owners thereof the right to the use and enjoyment of the private streets and parks within the Subdivision, or any other assets of the Association, upon the payment of a reasonable charge for maintenance, repair and upkeep or in return for the reciprocal use and enjoyment of Common Areas of such facilities, or a combination of both.

XIII. Mutuality of Benefit and Obligation:

The declarations and agreements set forth herein are made for the mutual and reciprocal benefit of each and every lot in the Unit and the Subdivision and are intended to create mutual, equitable servitudes upon each of said lots in favor of each and all of the other lots herein; to create reciprocal rights between the respective owners of all of said lots; to create a privity of contract and estate between the grantees of said lots, their heirs, successors and assigns; and shall, as to the owner of each such lot, his heirs, successors or assigns, operate as covenants running with the land for the benefit of each and all owners. Declarations substantially the same as those contained herein shall be recorded on all future units of the Subdivision in conformity with the general scheme of improvement of all lands to be included therein.

XIV. Grantee's Acceptance:

The grantee of any lot subject to the coverage of these declarations by acceptance of a deed conveying title thereto, or the execution of a contract for the purchase thereof, whether from Declarant or a subsequent owner of such lot, shall accept such deed or contract upon and subject to each and all of these declarations and the agreements herein contained, and also the jurisdiction, rights and powers of declarant, and by such acceptance shall for himself, his heirs, personal representatives, successors and assigns, covenant, consent and agree to and with Declarant, and to and with the grantees and subsequent owners of each of the lots within the Subdivision to keep, observe, comply with and perform said declarations and agreements.

Each such grantee also agrees by such acceptance, to assume, as against Declarant, its successors or assigns, all the risks and hazards of ownership and occupancy attendant to such lot, including but not limited to its proximity to any parks, including children's recreational facilities, and public paths, streams or other water courses.

XV. Enforcement:

a) If any lot owner in the Unit, or their heirs and assigns, or any person or persons, firm or corporation deriving title from or through them shall violate or attempt to violate any of the covenants, conditions and restrictions herein, it shall be lawful for the Association or any person or persons, firm or corporation owning real property situated within the bounds of the Unit to prosecute and proceed at law or in equity against such person or persons, firm or corporation violating or attempting to violate said covenants and restrictions, or any of them and either to prevent them or him from so doing or to recover damages for such violation, notwithstanding the fact that such errant lot owner may no longer hold title to a lot in the Unit. A lot owner shall give thirty (30) days written notice to the Board of Directors of any claimed violation prior to taking any further action.

b) The covenants, restrictions and conditions contained in this Declaration or any Supplemental Declaration shall be enforceable by proceeding for prohibitive or mandatory injunction. Damages shall not be deemed an adequate remedy for breach or violation, but, in an appropriate case, punitive damages may be awarded. In any action to enforce any such covenant, restriction, or condition, the action to enforce any such covenant, restriction or condition, the party or parties successful in the action shall be awarded costs, including reasonable attorneys' fees.

c) In addition to the remedies stated in subparagraph (b) above, the Association, upon violation or breach of any covenant, restriction or condition contained in this Declaration or any Supplemental Declaration, may enter upon any lot where such violation or breach exists and may abate or remove the thing or condition causing the violation or breach or may otherwise cure the violation or breach. The costs incurred shall be billed to and paid by the owner or owners of the lot. If the owner or owners of the lot fail, after demand, to pay such costs then the Association shall have a lien, from and after the time a notice of such failure to pay is recorded in the records of Whatcom County, Washington, against the lot of such owner or owners for the amount due and not paid, plus interest from the date of demand for payment at the rate of 8% per annum, plus all costs and expenses of collecting the unpaid amount, including reasonable attorneys' fees. The lien may be foreclosed in the manner for foreclosure of mortgages in the State of Washington.

XVI. Protection of Mortgage, or Deed of Trust Holder:

No violation or breach of any restriction, covenant or condition contained in this Declaration or any Supplemental Declaration and no action to enforce the same shall defeat, render invalid or impair the lien of any mortgage or deed of trust taken in good faith and for value or the title or interest of the holder thereof or the title acquired by any purchaser upon foreclosure of any such mortgage or deed of trust. Any such purchaser shall, however, take subject to this Declaration and any Supplemental Declaration, except only that violations or breaches which occurred prior to such foreclosure shall not be deemed breaches or violations hereon.

XVII. Amendments to Declaration of Covenants, Conditions and Restrictions:

The covenants, conditions and restrictions in this Declaration shall run with the land, and shall inure to the benefit of the Association and the owner of any lot subject to this Declaration, including the Developer, their respective legal representatives, heirs, successors and assigns, for a term of thirty (30) years from the date this Declaration is recorded with the Auditor for Whatcom County, after which time such covenants, conditions and restrictions shall automatically be extended for successive periods of ten (10) years each, unless an instrument covering the covenants, conditions and restrictions signed by the owners of not less than seventy-five percent (75%) of the owners of the lots described in Exhibit A hereto, shall have been filed with the Whatcom County Auditor. Commencing on the date when 90% of the lots have been sold or within three (3) years from the date when this Declaration shall have been filed of record, as set forth in Article IX, then and thereafter the covenants, conditions and restrictions of the Declaration or any Supplemental Declaration may be amended by an instrument duly signed by the owners of not less than ninety percent (90%) of the lots described in Exhibit A, except, however, that any amendment of modification which shall:

- a) Increase the maximum permitted length or width of tent-trailers or travel-trailers as prescribed in subparagraph IV above; or
- b) Increase the maximum permitted square footage of the storage shed as prescribed in subparagraph II above; or
